RE: Tank Replacement project
PS 16, 759 North Broadway, Yonkers, NY
NYSDEC PBS #3-413364 & Spill # 2004978

Dear Ms. Hubbard,

Luzon Environmental Services (Luzon) is a specialty contractor with forty-five years' experience. References can be provided upon request. Thank you for this opportunity for Luzon to provide a proposal.

This is to follow up the failure of an underground fuel tank tightness test, the subsurface investigation, cleaning the tank and sampling around the tank for rock.

Luzon proposes to remove the existing tank, supply an install one new 8,000 gallon double wall fiberglass UST with: 1-1/2" supply and return lines, below grade spill container at the fill with an overfill prevention valve, electronic tank monitoring system with inventory and leak monitoring. Included is replacement of the pump set & the concrete and asphalt work as specified on the drawings.

This cost is for a complete project.

Costs:

Fee Schedule Service / Equipment / Labor	Estimated Quantity	Unit Fee	Estimated Cost
Pump Set replacement Labor	1	4,821.00	\$ 4,821.00
Pump Set materials	1	\$ 15,894.70	\$ 15,894.70

Project management	1	\$ 5,000.00	\$ 5,000.00
Work Completed and invoiced			
Invoice # 4874	1	\$ 39,598.75	\$ 39,598.75
Invoice # 5022	1	\$ 11,567.00	\$ 11,567.00
Total project	1	\$ 287,212.45	\$ 287,212.45

Luzon provides the following cost proposal with the following assumptions:

- *Dig Safe NY will be notified at least 3 days prior to start of project.*
- *Labor will be paid prevailing wages. Certified payrolls will be submitted.*

Additional work or equipment will be quoted if needed.

Payment Terms: Payment is due net 60 days.

This proposal is valid for 30 days.

Respectfully submitted,

A handwritten signature in black ink, appearing to read "Robert B. Halprin", written over a light blue horizontal line.
