Please be advised the The Execu|Search Group, LLC has undergone a rebranding with our name now Tandym Group, LLC. In the 30+ years since we were founded, our company has grown and evolved, such that our original name no longer accurately represents our service offerings.

Our email addresses, website and social media accounts have all been updated to reflect our new company name. There will be no change in ownership at Tandym Group, LLC. In addition, other than updated forms reflecting our name change, there has not been any change to our FEIN (tax ID) or bank account information.

We look forward to continuing to work with Yonkers Public Schools.
