

PERFORMANCE BASED CONTRACT GUIDELINES

1. WHAT IS THE PURPOSE AND SCOPE OF THE SERVICE?

The Mentoring in Medicine Online Health Career Exploration course will introduce students to the many possibilities of having a career in the healthcare field. This course will introduce students on how to define passion, purpose, skill and talent. In addition, students will learn some of the advantages and disadvantages for a healthcare career and will be introduced to the 5 health care career pathways.

Content:

- Mentoring in Medicine will provide healthcare professionals and MIM Teaching Fellows to deliver interactive and engaging content.
- Students will learn the five healthcare career pathways (Diagnostic Services, Therapeutic Services, Health Informatics, Support Services, Biotechnology Research and Development) along with specific skills needed and educational requirements for each pathway.
- Students will focus on one specific career for each pathway. Each career will delve further into specific job duties and educational requirements.
- Students will create a digital portfolio consisting of projects and blog posts of activities.
- Students will journal about healthcare career pathways that interest them and educational requirements for them.
- Students will take a virtual field trip to a healthcare setting.
- Students will learn about public health, become Community Health Ambassadors and obtain community service hours.

2. AMOUNT OF SERVICE

\$4,000

3. WHO IS SERVED?
