-  RES.15.10 12-19-18.pdf

**Rationale:**

This was awarded to Parkway Exterminating Co., Inc., 100 Jericho Turnpike, New Hyde Park, N.Y. 11040 under GML 103 in November 15, 2017 BID # 6218 and per the terms listed in the contract is being extended for another year by mutual consent. This is the second and final extension for this service contract. The first extension was fully expensed. It will be let for bid again in the summer of 2020.

IPM is a process for managing, preventing, and suppressing pests with minimal impact on human health, the environment, and non-target organisms. IPM incorporates all reasonable measures by properly identifying, monitoring, and controlling pests through the use of cultural, physical, biological, and chemical control methods to reduce pests to acceptable levels. Pesticides must only be used as a last resort, and if pesticides are needed, the least toxic pest specific alternative must always be selected.
