RE: Tank test failure, emergency pump out & provide temporary tank  
 PS 16, 759 North Broadway, Yonkers, NY  
 NYSDEC PBS #3-413364 & Spill # 2004978

Dear Ms. Hubbard,

Luzon Environmental Services (Luzon) is a specialty contractor with forty-five years' experience. References can be provided upon request. Thank you for this opportunity for Luzon to provide a proposal.

This is to follow up the failure of an underground fuel tank tightness test on 8/31/2020 of tank # 1:

Luzon proposes to transfer the oil from the failed UST to other tanks in the district, Supply and install a 5,000 gallon AST for temporary fuel supply to the boilers, empty and clean the failed UST.

In addition, Luzon will provide a subsurface investigation in the area of the tank and a boring in the proposed area for the replacement tank.

**Costs:**
