RE: **Request for Emergency Declaration**
Procurement of Goods and Services for COVID-19 Response

I have approved the amended Request for Emergency Declaration from Executive Director John P. Carr to increase the total amount from \$5M to \$12M. The first Emergency Declaration was dated July 27, 2020, amended on August 24, 2020, to increase the amount from \$1M to \$2M and on October 7, 2020, to increase the amount from \$2M to \$3M, and again on October 23, 2020, to increase the amount from \$3M to \$5M. Due to the continuation of COVID-19 and keeping in compliance to meet the requirements and/or recommendations made by NYSED, NYSDOH, and the Governor's office, promulgated in mid-July, the district must be able to procure goods and services at an accelerated rate to meet the COVID-19 health crisis, I am requesting a fourth amendment to increase the total amount form \$5M to \$12M.

The new anticipated expenses to date are beyond the \$5M (in rough numbers). Therefore, at this time the upper limit is asked to be increased to \$12M to be used for continued procurement under GML104b in lieu of GML103 to continue to meet this emergency.

Thank you for your cooperation and consideration of this request.
