

Overview:

AHERA is the federal Asbestos Hazard Emergency Response Act of 1986, delineating asbestos management in public schools. RPF-511 AHERA was issued on January 21, 2025, for the completion of the EPA and SED mandated 2025 Triennial AHERA asbestos re-inspections and reports. Responses were received from two firms on February 14, 2025.

This resolution is to assign the 2025 AHERA re-inspections and reports, along with preparation of the asbestos management plan and one six-month surveillance inspection in the amount of \$126,000.00 to LiRo Engineers Inc.
