“**Job Embedded Coaching**” targets identified schools and teachers to work with coaches to develop lab sites that exemplify best practices that support student engagement, thinking, discourse, and the use of math tools/manipulatives. The PD structure utilizes a 2:1 (2 teachers, 1 coach/consultant) coaching structure that incorporates planning, lesson implementation with co-teaching, and feedback/next steps. We will incorporate the use of Text-Savvy Math by Christine King strategies and structures while utilizing a lens of student engagement and thinking behaviors as articulated in “Building Thinking Classrooms in Mathematics” by Peter Liljedahl (2018).
