

**Overview:**

Electrical work for CIP 10914 "Water Mitigation of Fuel Oil Tank Room and Other Improvements" at the Cesar E. Chavez School. Work includes replacing the school's gymnasium lights and electrical power related work for new sump pumps, ventilation fans and domestic hot water pumps for a total bid amount of \$44,725.00.

In compliance with General Municipal Law 103, bids were let and opened in public on February 7, 2025. Two (2) bids were received and reviewed. The bids were duly examined and all due diligence observed in determining that Naber Electric Corp is the lowest responsive and responsible bidder. ABE Fran Corp was the second bidder with a bid of \$154,000.00. The work was designed by Fuller & D'Angelo Architects who estimated the GC work in the amount of \$53,000.00.
