-  SAMMEL School 16 Proposal.pdf

Rationale: Via Resolution 17.5 at their stated meeting on January 20, 2016 the Board of Trustees awarded a requirements contract to Sammel Architects, PLLC, (Sammel) for an amount not to exceed \$1 million and later amended to \$1.5 million under Resolution 16.4 at the September 19, 2017 stated meeting. This resolution is to assign the following specific capital work under that contract.

Sammel will be providing the professional Architectural/Engineering services required for permitting, bid documents, bidding & negotiations, and construction administration. This task was not issued for RFP due to Sammel having performed the initial surveys and reports for the restoration of the school's gymnasium and site storm drainage work omitted from 2014 CIP 10463 restoration of windows, doors, masonry and roof project.

This project is estimated and will be authorized for \$2,500,000.00. The City capital bonds will cover \$263,384 for the above soft costs and the remaining \$2,236,616.00 for construction related work will be funded by future bond sales. Scope of work will include but not be limited to: masonry façade and roof repairs, site and storm drainage restoration work to mitigate flooding of the school's gymnasium ground floor classrooms, restoration of the flooring, ceilings, lighting, doors and interior paint finishes for the gymnasium and ground floor classrooms, and related asbestos abatement.

Construction is anticipated for summer 2020.
