<b>File Attachment:</b>	 F & D proposal rev-mod 8-5-19.pdf  School 29 Proposal SUMMARY.xlsx
<b>Rationale:</b>	<p>RFP 420-19-011 for the subject project was issued on May 8, 2019 to the 5 firms who were awarded requirements contracts via Resolution 17.5 at the January 20, 2016 meeting. Responses were received from 3 firms on May 22, 2019. As result of the examination of the responses, it was determined that Fuller and D'Angelo, P.C., Architects (F&amp;D) would be the best firm suited for this project.</p> <p>This resolution will assign only five of the seven tasks as delineated in the RFP up to the point of the issuance of a building permit by the SED for a fee up to \$513,750.00, including expected reimbursable expenses. The final two phases for post permit work, Bidding &amp; Negotiation and Construction Administration including expected reimbursable expenses, at a cost up to \$206,250.00 will be awarded at a later date under separate resolution. This will most likely be in the fall of 2020. The funding for the construction, roughly \$10.8M will be also be fully funded at that time via future bond sales.</p> <p>Overall cost of CIP 10878 is estimated at \$10.8M. Only this partial task fee is being funded at this time. Work is anticipated to take two years and commence in the winter of 2021. Scope of work is to include but necessarily be limited to new: roof, brick pointing, exterior doors, exterior lighting, heat plant &amp; controls, fuel oil storage tank, emergency generator, windows, security system, ADA toilet rooms, building signage, select flooring, ceilings &amp; lights. Site work to include curbs, sidewalks, drainage, signage, gates and paving.</p> <p>The services that F&amp;D will provide include but are not limited to: review existing drawings and survey the school infrastructure and to confirm existing conditions, confirm the scope of work and develop a project budget, prepare construction documents and specifications for procurement of a building permit from the NY State Education Department, issuance of construction documents for public bid and provide the District with construction administration services.</p>
