Dear Mr. Brown,

Good morning,

Thank you for your email and your message. Unfortunately these are the only people with whom I worked while performing these jobs. I do not have any other person that I can provide you with as a reference.

At this time due to the urgent nature of the job and the need for the City of Yonkers to have a contractor on board to perform these services, I can send you a letter indicating the withdrawal of the bid provided by our company A & J Construction of NY, Inc and award this project to the next bidder.

Once again I thank you for all your help and I greatly appreciate your time, patience and understanding. Please advise.

Sincerely
Jimmy John
A & J Construction of NY, Inc.

Jimmy John,

Please advise...

Out of the 5 references, the last two reference contact is John D Angelo, Architect which cannot be considered (Needs the end user as reference).

On calling up the remaining three references, Two reference contacts do not work anymore in the school district and we have not gotten a response from the third reference provided.

We weren't able to get any response from the references you provided.

Please provide additional min 3 references that can help us to determine your experience in working on Playground Equipment at schools as per RFB spec.

Qualifications of Bidders

In addition to those requirements listed elsewhere, the Contractor must demonstrate a minimum of three (3) years of experience in repairing and servicing playgrounds in school districts with 2 or more playgrounds in multiple locations and submit three (3) references from school districts and/or other similarly sized clients to that affect. The Contractor is to possess all applicable licensing, insurances and certifications to perform work as put forth in the service specifications

Regards,

Mr. Francis Brown
