

Overview:

This resolution is to assign the task of asbestos inspection and reporting for inspecting ceiling tiles and air sampling throughout both floors at Thomas Cornell Academy for the amount of \$7,404.00 to LiRo Engineers Inc.

This includes analysis of 42 samples from different locations such as classrooms, hallway, offices and bathrooms at Thomas Cornell Academy.

This assignment (under Emergency Declaration dated 3/26/2025) was issued to LiRo Engineers Inc. due to the consultant's history in performing District project monitoring, asbestos inspections and testing, and competitive rates already proposed under their Contract No. 2022-0818.
