Rationale: Change Order 1 to Contract 2022-0796 "Service and Repair of Electric Motors & Pumps" with A&C Furia for \$50,000.00 with no change in term increasing the contract from \$22,125 to \$72,125. There is a large percentage of failing pumps and motors that have been repaired repeatedly and are now beyond that option. This is a time and materials based contract. The initial quantities included for bidding purposes have proven insufficient for the current needs of the District. All of the work is being done at the contract bid prices.

Immediate work is required at the following schools at the upset prices shown:
Riverside High School: repair chiller pump No. 2, replace lug valves at \$4,773.32
Montessori School 31: furnish and install 1 new pump and 2 motors at \$13,799.36
Rosemarie Ann Siragusa School: repair two water pumps at \$2,897.28
The total for these repairs is \$21,469.96.

The remainder \$28,530.04 will be used only as needed for the coming heating season.

This is a time and materials based contract. The initial quantities included for bidding purposes have proven insufficient for the current needs of the District. All of the above work is being done at the contract bid prices.
