**Re: E&R Additional Fees for Res. 18.13 “On Call” environment consulting, Design and PM for asbestos abatement of vinyl floor tile for select rooms at School 5, Patricia A. DiChiaro School, Museum School 25 and Montessori School 31**

Dear Lee,

The following is a request for an amendment to E&R’s Service Contract referenced above.

Our original fee for environmental project monitoring was an estimate and after the bid, award of an asbestos abatement contract and review of the contractor’s abatement schedule we are requesting our fees for environmental project monitoring and environmental testing be increased in the amount of \$4,500 to cover the asbestos abatement work.

If you have any questions, please do not hesitate to contact me.

Sincerely,

A handwritten signature in black ink, appearing to read 'J. Eisenbach', is written over a light blue background.
