Sr. Mechanical Engineer
School Facilities Management Dept.
Yonkers Public Schools
One Larkin Center
Yonkers, NY 10701

**Re: School 9 YPS #10816
Electrical Contract
Naber Electric**

Lee;

The scope of work for the electrical contract was reviewed and the bids reviewed. My recollection is that the electrical contract received more than two bidders but Mr. Collich only reported the top two. The low bid was Naber are \$345,678 and the second bidder was Talt at \$383,000.

The largest portion of the scope of work is in the auditorium where the scope includes a sound system, work on the stage, lighting including nice house lighting, power and other work. There is also all new power and lighting in the library, two classrooms and the new bathroom. It is likely the auditorium is over 50% of the project.

Based upon the review of the scope, the bids received were reasonable and should be awarded.

If there are any questions, let me know.

Sincerely;

A handwritten signature in black ink, appearing to read 'Jack Eisenbach'.
