Scope of Work - Winter/Spring 2021 Yonkers Public Schools: Cross Hill Academy

Description

IDE Corp. consultants are partnering with the Cross Hill Academy to address the instructional goals based on the school's receivership status with the New York State Education Department and the district's desire to improve student achievement, student efficacy, and social and emotional learning skills.

IDE Corp. and the school are in their second year of partnership. The initial three-year trajectory to fuel change and create immediate innovations in instructional delivery requires 40 coaching days across each school year, in addition to workshops, which, for the start of the 2020-2021 school year have already been provided. IDE Corp. began the year with a contract for 12 of those days. The district then put the work on hold to resume in February. This Scope of Work represents the remaining 4 days per month or 20 days of services to be provided between February and June. Given the negative impact of the pandemic on instruction and learning, the consultants will provide more support during the early months of the year.

Description	Days	Rate	Total
On-site coaching across the 2020-2021 school year	20	\$1,955	\$39,100
Grand Total			\$39,100

Coaching days will be invoiced as they occur.
