To Whom It May Concern:

Please be advised that in reviewing our bid submission for the above referenced project we have found an error our take off and Base Bid Amount (\$484,484.00). This error affects the total bid price and thus this mistake would need to be added (\$82,866.00) to the total computation of our bid which would be in the amount of \$567,350.00 [five hundred and sixty seven thousand three hundred and fifty dollars 00/100]. This amount would be needed just to complete the project, and does not include any profit.

Our (mis)interpretation of the bid documents in conjunction with the error involved unfortunately leaves us with no option other than to respectfully request permission to immediately withdraw our bid from consideration if our bid price cannot be adjusted to the amount noted above. Please advise the undersigned as to any supporting documentation you will need in order to verify the existence of the mistake, and it will be promptly transmitted to you.

If you have any questions, please do not hesitate to contact me.

Respectfully Submitted,

Awni Naber
President
