## ORDERING PROCEDURES

---

### Overview

Clarke strives to give you a fast and efficient method of obtaining machines, parts and accessories. The following are policies and procedures:

### Ordering

Clarke dealers may place their orders with Customer Service via CustomerZone, telephone, or e-mail.

You may need to speak to a Customer Service Representative to verify part numbers or select the right machines, parts or accessories. The following is the Customer Service contact information:

CustomerZone:	<a href="http://www.nilfisk.us">www.nilfisk.us</a>
Toll-free Customer Service phone number:	800-253-0367
Customer Service e-mail address:	<a href="mailto:csorders@nilfisk.com">csorders@nilfisk.com</a>

All orders placed using CustomerZone, e-mail, or phone will be confirmed via e-mail and will be viewable on the CustomerZone. You can sign up for CustomerZone by visiting [www.advance-us.com](http://www.advance-us.com).

When placing orders by telephone or e-mail, include:

- Purchase order number
- “Ship to” address
- The nine-digit customer account number
- Part number for all machines, parts, and accessories
- Item descriptions as listed in price schedules
- Any special shipping instructions e.g., air, liftgate, inside delivery, appointment required.  
(Note: Dealer is responsible for special shipping costs.)
- Authorized signature

**Please note - Clarke cannot “add on” items to an order once it has been processed.  
“Add On” items will be entered as a new order.**

### Minimum Parts Order Program

\$10 handling fee will be assessed to all orders under \$200 that are submitted by email or phone. Freight will be charged and added to invoice for all orders. The minimum parts or accessories order is \$100 on shipments when placed electronically on CustomerZone. Any orders below \$100 will incur a \$10 handling fee plus freight charges. Orders on CustomerZone that are \$100 or above will receive free ground freight.

### Drop-Ship Program

Clarke will not drop-ship machines, parts or accessories outside the ordering dealer’s servicing area without prior approval from the local Nilfisk Sales Representative.

### Shortage

Verify the number of packages received before signing the freight bill of lading. Carriers sign for the accepted number of cartons or bundles as indicated on the bill of lading. If there is a shortage at the time of delivery, note the shortage on the original copy of the bill of lading, along with the driver’s signature and call Customer Service to report shortage within 30 days of receipt.

### Damage in Transit

All shipments should be inspected immediately upon receipt. Do not accept any shipment showing external evidence of damage unless the freight carrier makes proper notation on your copy and their copy of the freight bill. Your shipment is carefully packed according to freight classification regulations and inspected before leaving our warehouse. Notify Clarke about any freight that is refused due to damage. All apparently “good” freight must be inspected and any concealed damage must be reported to Clarke Customer Service within three (3) days of receipt. Any claims made after this time period will not be honored unless claim is recuperated from the freight carrier.

## ORDERING PROCEDURES, Continued

---

### Freight Program

Orders will be shipped F.O.B. Shipping Point, Shippers Choice. Third party and collect orders are F.O.B. Dock. Freight will be handled as follows:

<b>Machine</b>	
<b>Dealers' 2021 net purchased volume &lt; US \$100,000 AND Total Order &lt; US \$15,000</b>	<b>Dealer's 2021 net purchased volume &gt; US \$100,000 AND Total Order &gt; US \$15,000</b>
Prepaid by Nilfisk, Inc. and added to invoice	Prepaid by Nilfisk, Inc.

<b>Parts and Accessories</b>	
<b>Total Order for email or phone = Prepay and add to invoice OR Total Order &lt; US \$100 if order is placed on CustomerZone</b>	<b>Total Shipping Ground Order &gt; US \$100 if order is placed on CustomerZone</b>
Prepaid by Nilfisk, Inc. and added to invoice	Prepaid by Nilfisk, Inc.

If freight requirement is other than above, it will be considered special freight with handling charges such as Next Day Air, Liftgate/Inside delivery charges or expedited delivery being prepaid and added to the invoice.

### Freight Routing

Orders are shipped F.O.B. Shipping Point. Third party and collect orders are F.O.B. Dock. Our Logistics Contractor will consign all shipments. If you have specific requirements or need special services, contact an Clarke Customer Service Representative. Any additional costs associated with special freight requests are the responsibility of the dealer and will be invoiced accordingly. (includes, but is not limited to, expedited freight, liftgates, inside deliveries, etc.)

### Parts Shipments

All expedited orders must be received by 2 p.m. CST in order to be eligible for same day shipment. While same day shipment is not guaranteed, all expedited orders where parts are in stock will ship either same day or within 24 hours.

All standard parts orders where parts are in stock will be shipped within 72 hours of order placement.

### Ship-ins/Ship-outs

Dealers will occasionally sell to customers with multiple locations. When the end user's location falls outside the selling Dealer's service area, the selling Dealer must contact the Dealer who handles the end user's location (installing Dealer) to install the equipment. The selling Dealer should also make sure that the end user receives appropriate warranty and service support.

The recommended procedure is:

1. The selling Dealer informs the installing Dealer of the sale and arranges for local support.
2. The selling Dealer informs the end user of the arrangements made with the installing Dealer.
3. The selling Dealer ships machines to the installing Dealer for proper setup and installation. When finished, the installing Dealer sends the original Installation Warranty Card to the Company, with a copy to the selling Dealer.
4. Upon verification of the installation, the selling Dealer promptly compensates the installing Dealer. Whether the installing Dealer is required to do a demonstration should be a factor in calculating the installing Dealer's compensation.

### Price Change Protection

Dealers may apply for price protection on quoted business. Requests for price protection must be applied for within fourteen days of the **effective price change date** and directed to the Sales Director for approval.

An order placed under this program must include a copy of the original quotation, end-user purchase order and the Sales Director's price protection approval.

# FLOOR PADS FOR SCRUBBERS AND FLOOR MACHINES

## Scrubber, burnisher and floor machine pads

---

<u>Part Number</u>	<u>Description</u>	
Seebelow	<b>Floor pads for scrubbers, burnishers and floor machines</b>	<b>\$0.00</b>

We offer a wide range of floor pads for daily cleaning, burnishing and project work.

Scrubbing pad are organized from least aggressive to most aggressive.

Brown and black stripping pads are used for conventional chemical stripping applications.

Grout pads are a good solution for daily cleaning and work to dig into grout line to loosen soils. These are a less expensive option to using brushes.

Maroon pads are aggressive pads typically used on orbital floor machines and scrubbers to remove floor finish.

Melamine pads are a great problem solver to hard to clean soils and marks on the floor.

Sanding screens are used to abrade wood floor finishes for recoating.

BUYER UNDERSTANDS, ACKNOWLEDGES AND AGREES THAT THE REMEDIES PROVIDED UNDER THIS LIMITED WARRANTY ARE THE SOLE AND EXCLUSIVE REMEDIES AVAILABLE TO THE BUYER. NILFISK, INC. WILL NOT BE LIABLE FOR ANY OTHER OR ADDITIONAL DAMAGES, INCLUDING BUT NOT LIMITED TO INDIRECT, SPECIAL OR CONSEQUENTIAL DAMAGES ARISING OUT OF OR IN CONNECTION WITH THE FURNISHING, PERFORMANCE, USE OF OR INABILITY TO USE THE MACHINE. ANY EXTENSIONS OF OR MODIFICATIONS MADE TO THIS WARRANTY BY A DEALER/DISTRIBUTOR OF NILFISK, INC. ARE THE SOLE RESPONSIBILITY OF THE DEALER/DISTRIBUTOR.**

All transportation or shipping charges resulting from the return of machines, parts, or accessories shall be the responsibility of the end-user. When returning, please provide an explanation of the problem and include the serial number of the machine as well as the name of the selling organization. The Technical Service department of the authorized Dealer Service Center or the factory will investigate and then contact you.

For cleaning hazardous substances of any type, *do not* use standard cleaning equipment. Use only specially rated and tested equipment that has been specifically approved for the substance you are cleaning (speak to your Nilfisk equipment specialist to learn more). If your hazardous substance rated machines/parts/accessories require service, special requirements must be followed before shipping machines to a Nilfisk Authorized Service Center: (a) the end user must certify in writing that the machines/parts/accessories being returned have not been used for handling, clean up, or disposal of hazardous waste/materials; (b) if machines/parts/accessories being returned *have* been used for handling, clean up, or disposal of hazardous waste/materials, then the end user must have the machines/parts/accessories decontaminated by licensed and qualified decontamination professionals and provide written certification of this decontamination signed by the licensed professionals (must be returned only to the local Nilfisk, Inc. Authorized Service Center for Warranty service along with decontamination certification).

NILFISK, INC. Reserves the right to change its warranty policy without notice.
